

Customer Snapshot

3E builds new financial reports quicker and with greater flexibility with Infor

Facts at a glance

Products: Infor® F9, Infor Distribution SX.e

Industry: Electrical distribution

Country: US

“With Infor F9, we can roll out new reports quickly and easily. Because it ‘lives’ in Excel, it has made our annual audit much easier.”

—Kelly Wolfe, Controller, 3E

About the company

Established in 1920, Electrical Engineering & Equipment Company (3E) has become an industry-leading electrical supplier with diverse capabilities that serve the needs of the electrical industry. The company is headquartered in Des Moines, Iowa, with branch locations throughout Iowa, Nebraska, South Dakota, Western Illinois, and Northern Missouri. 3E has more than 400 employees who take care of a customer base that includes electrical contractors, industrial plants, commercial entities, institutional facilities, OEMs, panel shops, integrators, utilities, and government agencies. Challenges

- Implement a more efficient and easier-to-use method for building new financial statement formats.
- Lower staff costs and improve the operational efficiency of the finance department.
- Issue monthly and annual reports faster.
- Provide management with customized reports.
- Gain access to more accurate data.
- Eliminate potential data-entry errors.

Benefits

- Created new and improved financial statement formats.
- Reduced staff costs and boosted operational efficiency for generating reports.
- Reduced the amount of time needed to issue financial reports.
- Gained the ability to provide management with customized reports.
- Improved the company’s ability to identify errors, trends, and anomalies.
- Gained greater visibility into financial data.

“I think Infor F9 is one of Infor’s best products. It is very easy to learn and I could not do my job as effectively without it.”

—Kelly Wolfe, Controller, 3E
